# Über Social Selling....

## Marketing oder doch Vertrieb?

Social Selling ist nicht dasselbe wie Social Media Marketing. Da geht es mehr um Awareness und die Leadgenerierung durch die Streuung von Content / Werbung.

## Vertrieb oder doch Marketing?

Social Selling umfasst die Schaffung eines Personal Brands (einer persönlichen "Marke"), das Auffinden von interessanten Personen, der Mitteilung von eigenen Erkenntnissen und der Vertrauensbildung.

## Vertrieb mit Marketing

Social Selling ist ein Vertriebsansatz, der Social Media Kanäle nutzt, um Kontakt zu Prospects aufzunehmen, Vertrauen aufzubauen und mit Prospects und Kunden zu interagieren.

# Warum dabei sein?

## ➤ **Der informierte Kunde:**

Kunden sind gut informiert.  
Ein großer Teil des Sales Cycle findet im Netz statt

## ➤ **Relationship-centric Vertrieb:** (dauerhafte) Beziehungen statt (einmaliger) Transaktionen. Social Selling ermöglicht personalisierte Interaktionen.

## ➤ **Daten-getriebene Entscheidungen:** bessere Informationen sorgen für besser Strategien. Social Selling ermöglicht wichtige Einblicke in das Kundenverhalten
