

SOURCE CONTROL OF INTEROPERABILITY PRODUCTIONS

InterSystems UK&I Summit

Hello, we're George James Software

In case you're not familiar with us...

- > 30+ years experience of providing innovative software solutions
- > We understand the importance of high quality code and how this can benefit every system
- > The foundations we provide enable systems to succeed
- > We build developer tools to help others achieve the same

Here is what we have been up to recently

Consulting

- Integration of De Facto ERP system with existing Caché order processing system
- Development of interface to DHL Express for an International distributor
- Migration to new platform and upgrade of Cache for Fund Management system

Here is what we have been up to recently

Consulting

- Integration of De Facto ERP system with existing Caché order processing system
- Development of interface to DHL Express for an International distributor
- Migration to new platform and upgrade of Cache for Fund Management system

Training sessions

- Run ObjectScript and System Management sessions
- We're looking at running sessions more regularly so watch this space

Consulting

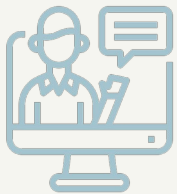

- Integration of De Facto ERP system with existing Caché order processing system
- Development of interface to DHL Express for an International distributor
- Migration to new platform and upgrade of Cache for Fund Management system

SQLTools VS Code extension

- Provides easy connections to databases
- Saving developers time and increasing productivity
- Plugins for MariaDB, PostgreSQL, MS SQL, IRIS etc.
- Since taking over support we've developed additional plugins for more databases

Training sessions

- Run ObjectScript and System Management sessions
